## WEBSITES, PORTFOLIOS, PROFILES

- <https://www.linkedin.com/in/bryon-pectol>
- <https://bryonpectol.dev/>

## PROFESSIONAL SUMMARY

I graduated from the Cyber Security Boot Camp program at the University of Utah in November, 2023. I recieved my CompTIA Security+ certification in April, 2024. I am excited to jump into the professional world of CyberSecurity.

## CERTIFICATIONS

- CompTIA Security+

## SKILLS

- Skills Accomplishments
- Linux distributions (Kali Linux, Ubuntu)
- Microsoft Azure Cloud Networking
- Splunk SIEM Log Auditing
- Programming (Languages: Bash, Windows PowerShell, C#, HTML, CSS, and JavaScript)

## WORK HISTORY

Jun 2022 - Current

### Production Team Lead

IRecertify

- As a team lead at IRecertify, it is my job to make sure my team of around four to ten people are staying on task and staying productive.
- I work directly with my team on our projects, which consists of refurbishing and getting ready to sell all kinds of electronics.

Jul 2021 - Jun 2021

### Technical Support Representative

Global Payments Integrated

- My responsibilities as a Tech Support Representative at Global Payments Integrated were to make and receive calls from our clients.
- I would listen to the client and document what their issues were in Salesforce.
- Then, I would troubleshoot and repair their computers and point of sales devices.

## EDUCATION

Cyber Security Boot Camp | University of Utah

This was a six-month program where we did hands-on learning in Linux, Windows and networking.
